# BACK ON TRACK

## BACK ON TRACK WITH MY FINANCES

*"Again, the Kingdom of Heaven can be illustrated by the story of a man going on a long trip. He called together his servants and entrusted his money to them while he was gone. He gave five bags of silver to one, two bags of silver to another, and one bag of silver to the last—dividing it in proportion to their abilities. He then left on his trip. "The servant who received the five bags of silver began to invest the money and earned five more. The servant with two bags of silver also went to work and earned two more. But the servant who received the one bag of silver dug a hole in the ground and hid the master's money. "After a long time their master returned from his trip and called them to give an account of how they had used his money."*
